MELWIN LOBO

TECH ENTHUSIAST • STUDENT DEVELOPER

Mobile: +91 86600 68957
Email: melwinlobo18@gmail.com

My passion for computers and tech began when I was young, and I have developed my skills since then. I have created numerous projects like helpful tools coded for handicapped people , and Deep learning based software for clients.

EXPERIENCE

DTLabz   **2017 - 2018**
Deep Learning Intern

- Assisted the design and marketing team with a variety of client projects
- Provided creative input and responded to customer inquiries
- Led a team of 20 in completing several robotic and software projects
- Helped in creating useful tools for the handicapped using Deep Learning
